# How to Setup Email Alerts in Home Access Center

My Alerts

Use the My Alerts option to access and change settings for the types of email alerts you would like to receive for your student.

To display this page, move your pointer over your user name in the Home Access Center banner, then select **My Alerts**.

Subscribe to HAC Alerts

The My Alerts page includes checkboxes for the following types of alerts. If you are a guardian who can access multiple students in HAC, a separate set of boxes displays for each student. Checking a box enables the type of alert indicated.

- **Attendance** - Allows email alerts to be sent when absence, tardy, and attendance codes are entered for your student. You can limit the alerts to certain codes. When the Attendance box is checked, its description becomes a link. Click the link to display a window listing the available codes. To receive all alerts, leave the Any box checked. To select individual codes, uncheck the Any box, check the boxes for the codes you want, then click **Save**.

- **Classwork** - Allows email alerts to be sent on averages for class assignments. To limit the alerts to averages outside a range, enter the bottom of the range in the *below* field - for example, 75 for averages less than 75 - and the top of the range in the *above* field - for example, 89 for averages of 90 or greater. Enter whole numbers; decimals are not allowed. To display averages for all assignments regardless of their level, leave the two fields blank.
